

Dell, our vision has evolved

Performance & connectivity in an ultra light PC

**The Dell™ Latitude™ L400 is an ultra light offering designed to meet the exacting needs of weight and size sensitive mobile users, it includes a built-in modem and Ethernet LAN for maximum connectivity in and out of the office. A high resolution 12.1" XGA TFT LCD, 95% full sized keyboard and optional docking make it ideal as a primary or secondary PC.**

The Latitude L400 retains commonality with Latitude C-Family media modules, via the external media bay, and with the Dell Latitude L-Family APR, providing flexibility and helping to reduce Total Cost of Ownership.

## Dell Latitude L400

### Ultra light design

Designed with a magnesium alloy chassis and LCD enclosure chosen for its lightness and strength. The Latitude L400 is equipped with 95% sized keyboard for excellent usability, and weighs-in at just 1.56kg and is only 25.7mm thick.

### High performance

Powered by a low voltage Intel® mobile Pentium® III processor 700MHz with SpeedStep Technology and up to 256MB SDRAM to cope with the most demanding applications.

### High-resolution display

Equipped with a 12.1" XGA TFT LCD and ATI Mobility M video controller with 2X AGP support and 4Mb SGRAM, to deliver excellent graphics performance.

### Integrated connectivity

The Latitude L400 features an integrated 56K (V.90) modem (RJ11 port) and 10/100 Ethernet LAN (RJ45 port) for ease of connectivity, whether in the office or on the road. Both Wake-on-Ring and Wake-up-On-LAN are fully supported. The L400 also supports the Dell TrueMobile™ 1150 Series Wireless LAN solutions.

### Convenient desktop expansion

The optional small footprint, lightweight Latitude L-Family APR (Advanced Port Replicator) provides a single connection to desktop peripherals, such as keyboard, mouse, monitor and printers. In addition to replicating the ports on the main unit it also provides a serial port and an extra PS/2 port.

### Latitude flexibility

The Latitude L400 shares compatibility with mainstream C-Family media modules, such as CD-ROM, DVD and CD-RW, via the external media bay connector (IDE), providing a high degree of flexibility.

### Service & Support<sup>1</sup>

3 years Next Business Day On-site as standard.

It started with our direct approach – one-to-one, intimate customer relationships – no middlemen, no dealers nor distributors. Our manufacturing flexibility and build-to-order policy helped us to become one of the world's largest computer systems manufacturers.

**Leadership** Today our direct vision has evolved. We are considered a model for how to do business on the Internet. We have enabled our infrastructure, developed processes to maximise our operational efficiency and effectiveness – everything from supplier integration with e-commerce to customer support.

**Build to order** You are no longer restricted in computer choices by "what's in the box". At Dell we build high quality computer systems from notebooks to networks incorporating some of the latest, relevant, proven technology – configured to your exact specifications. Dell products and services are sold in more than 170 countries and territories around the globe.

**Customised service and support** Our service solutions can address your key business issues. Dell experts can help you from custom integration of software, to installation and on-site service.

# Dell Latitude L400

## Options for your built-to-order system

### SYSTEM

#### Processor

Intel mobile Pentium III processor 700MHz featuring Intel SpeedStep Technology

#### Chipset

Intel mobile 440BX PCI Chipset

#### Memory

Standard SDRAM – 64MB\*  
Maximum SDRAM – 256MB\*  
Memory modules available: 64/128/256MB

\*Only 1 slot available factory configurable

#### Screen

12.1" XGA TFT LCD  
1024 x 768 @ 16 million colours

#### Maximum External Resolution (CRT)

1280x1024 (SXGA) at 16million colours max. @85Hz

#### Video

ATI Mobility M  
32 bit / 2X AGP  
4Mb SGRAM

#### Hard Disk Drives\*

6GB EIDE/ATA-33  
10GB EIDE/ATA-66  
20GB EIDE/ATA-66  
(\*System supports ATA-33)

#### PC Card Slots

One Type I or II card  
CardBus and Zoom Video support

#### Integrated Modem

Type – Worldwide 56Kbps, v.90  
Controller – Lucent 1646 controller-less DAA

#### Integrated LAN

Type – 10/100-BaseTX PCI bus master  
Ethernet  
Controller – 3Com 3C920 chipset

#### Audio

Audio type – SoundBlaster emulation capable  
Audio controller – Crystal CS4281 interface to an AC97Codec  
Integrated mono speaker  
Integrated microphone

#### Battery

Internal Smart Lithium-Ion with external LED battery gauge  
Standard 4-cell  
Optional High Capacity 6-cell

#### Keyboard

85-Key Europe  
Key travel 2.5\*mm ±0.2mm  
(\* On primary keys)  
Key spacing 18mm

#### Pointing Device

Touch pad – PS/2 compatible  
Size – sensor-active area  
64.88mm (w) x 48.88mm (h)

#### Power Supply

50 Watts AC adapter

#### System Dimensions/Weight

272mm (w) x 220mm (d) x 25.7mm (h)  
Weight 1.56kg (with 4-cell battery)

### I/O PORTS

#### Parallel

25-hole connector; unidirectional, bi-directional or ECP connector

#### Video

15-hole connector

#### PS/2

6-pin mini-DIN connector

#### Expansion connector

140 pin connector for LS/L400 Advanced Port Replicator

#### Audio

microphone-in, line-out  
(headphones/speakers)

#### Universal Serial Bus

USB-compliant connector

#### External Media Bay

Proprietary IDE connector

#### Modem

RJ-11

#### Network

RJ-45

### EXTERNAL MEDIA BAY

#### External Media Bay (Included)

– Weight (empty) 177g

#### IDE Cable (Included)

– Weight 70g

#### Standard Modules (Included)

– Floppy Disk Drive module: 3.5", 1.44MB  
– CD-ROM Drive (IDE): 24X max

#### Optional Modules

– DVD-ROM – 8X max  
– CD-ROM – 24X max  
– CD-RW – 20X max (read) / 4X max (write)  
– Zip 250 module  
– 2nd HDD module for notebook external media bay

### DOCKING OPTION

#### The Latitude L400 APR (Advanced Port Replicator)

Featuring:  
Parallel, CRT, serial, USB, 2 x PS/2, mic-in, line-out, DC-In, RJ-11 modem, RJ-45 Ethernet, IDE connector (for external media bay drive)

#### APR Dimensions/Weight

298mm (w) x 50mm (d) x 32.5mm (h)  
Weight 389g

### MANAGEABILITY

#### Systems Management

– Integrated modem – Wake-on Ring support  
– Integrated LAN – Wake-up-On-LAN support

#### Power Management

##### ACPI

–Microsoft Windows 2000 Professional  
–Microsoft Windows 98

##### APM

–Microsoft Windows NT 4.0

#### Mobile Security – Software

Protection against unauthorised access;  
– Primary system password  
– Administrator password  
– Hard Disk Drive password

#### Mobile Security – Physical

– Kensington Lock

#### Utility Software

– On-line Hypertext user guide  
– Dell Control Centre

### OPERATING SYSTEMS

#### Operating System Versions Available

– Windows 2000 Professional  
– Windows NT 4.0 Service Pack 5  
– Windows 98 SE (Second Edition)

### WIRELESS COMMUNICATIONS OPTIONS

#### Dell TrueMobile 1150 Wireless PC Card

– IEEE 802.11b industry standard  
– Wi-Fi™ compatible

#### Dell TrueMobile 1150 Access Point (AP1000)

– IEEE 802.11b industry standard  
– Wi-Fi™ compatible

### SERVICE & SUPPORT<sup>1</sup>

– L400 – 3 Year Next Business Day On-site  
– Notebook batteries are supplied with 1 year warranty - this is not upgradable

### MOBILE ACCESSORIES

– Latitude CS/LS/L400 Lightweight Executive Leather Carry Case  
– Latitude L400 Leather Portfolio/Meeting Case  
– Optional Latitude L400 APR  
– Second 50 Watts AC Adapter  
– Optional Parallel Port cable for FDD module  
– Optional Second External Media Bay and IDE Cable  
– 2nd Primary High Capacity Lithium-Ion Battery  
– Kensington Security Lock
